Whatever your taste our collection at Windmill Kitchens boasts exceptional designs to complement every lifestyle

built from success…

Windmill Kitchens has been established since 1990 with the aspiration of supplying kitchens to equal the quality of manufacturers in Europe.

Our success has come from making kitchens for everyone from hi-tech urban design to classic styling. By producing our own cabinets we have the flexibility to cope with special requirements and long production runs.

From our years of experience, we have built an enviable reputation for offering a trouble free service in an industry notorious for giving its customers headaches!

We offer a complete and personal service from initial design through to final fitting of your kitchen and after sales care.

Please take a moment to browse through our latest collection. Whether you're looking for classic or contemporary styling, our collection has something to suit everyone.
